STREET + PARK OUTFITTERS

We've changed our exterior

Design and engineering have traditionally been our strengths. Now we've added a third – liveability! Being able to transform public open spaces into attractive living places. **Exteria** is not only our new name, it represents our single focus - outfitting complete street and park environments.

Goodbye Landmark. Hello Exteria!

exteria
STREET + PARK OUTFITTERS

You'll still find us exceptional

Some things we will never change:

- Like making products that endure in WA's harsh coastal conditions.
- Smart design that minimises or eliminates hazards.
- The most extensive range of street and park furniture for city and regional locations.
- Manufacturing facilities in Western Australia for ease of delivery.
- Designers and engineers based locally to help you.
- Full back up and support for every product that has our name.

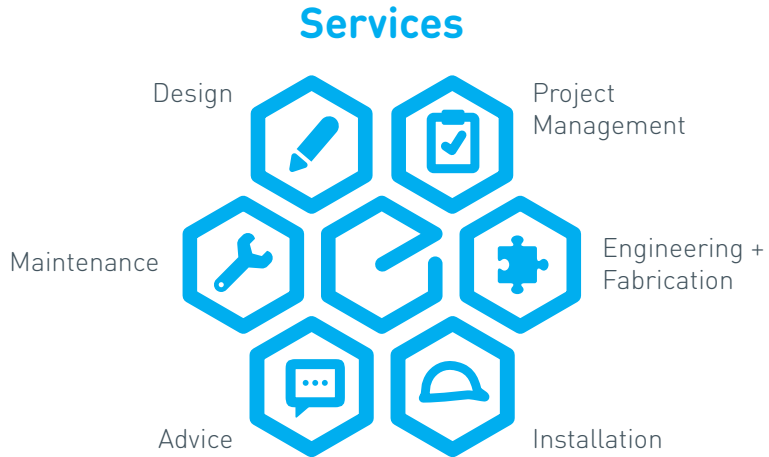

THIS IS AN
